The following temedies are offered to the public as the best toost perfect, which medical science can afford. Ayre's Garmantor Prices have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as tu prove an efficacy and a power to uproof disease hely ond any thing which men have known before. By removing the obstructions of the laternal organs and stimulating them into healthy action, they removate the fountains of life and tigor—health courses are withrough the body, and the sick mon is well again. They are adayted to disease, and

carm into healthy action, they removate the fountains of life and rigor—health courses anew through the body, and the sick mon is well again. They are adapted to discase, and disease only, for wheir taken by one in leasth they produce but little effect. This is the perfection of medicine. It is entagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

they will cure them, if they are well they will do them no harm.

Gire them to some patient who has been prostrated with billions complaint; see his bent-wp., tottering form straighten with bird; itses his champy festures bettength again; better the some safferer whose foul blood has burst out in scrottle, till his skin is covered with sortes; who stands, or sits, or lies is anguish. He has been dreathed inside and out with every potion, skich hagenity could suggest. Gire then to have easier with pain; he too has been soaked through every muscle offins body with timments and salves; gire him these Pratts to plurify his blood; they may not cure him, and power can reach; but mark, he walks with power can reach; but mark, he walks with

power ran reash, but make a done; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured, Jaundice, Costiceness, Headache, Sidesche, Heartburn, Poul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, Ring's Eril, Kcuralgia, Gout, and kindred complaints all arise from the derangements which three Pittls rapidly cure. Take them perseveringly, and under the counsel of a good Physicisn if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the derils of old—they must burrow in the brutes and in the sea. Price 25 cents/per box—5 boxes for \$1.

" Gentlemen for Officers."

It would be hard to find any public body more thoroughly imbued with both despotism and servility than the U. S. Senate. It having been announced, the other day, that its presiding officer, (Vice President Breckinridge) had been suddenly called home to Kentucky by illness in his family, it became necessary to choose a President of the Senate pro tem; whereupon Mr. Ben Fitzpairick, an Alabama slavedriver. was duly promoted to that office-no one of the 32 Benators from the Free States being deemed worthy of the honor of presiding over such a pailty lot of slave mongers and serviles.

"How does it happen, Mr. Wise," said the venerable John Quincy Adams to the present Governor of Virginia, some years ago, both! being then members of the House of Representatives-" how does it happen, that while the North furnishes most of the soldiers and sailors for the country; the Bouth furnishes most of the officers? Oh (said Mr. Wite) we want GENTLEMEN for officers!".

One of the consequences of the termina tion of the Kansas controversy will be the dissolution of the Republican party as how organized. Its platform will have disapaume same new organization.

That is what the false prophet of the Albany Argus, a Lecompton organ, says. These wretched advocates of despotism under the deceptive name of " popular sove reignty," will probably find out their mistake, or the people will find it out for them

one of these days.

The preservation of Kansas from the blight and mildew of Slavery was indeed a great and lavorite object of the Republican organization; but the party has a much greater object to effect, and that is-the complete rescue of the federal government from the cause control of the Slave Power : and the Argus may rest assured that the party will not be disbanded until that great object shall have been accomplished.

Judge Loring.

Both Houses of the Massachusetts Legislature having concurred in the meruorial to the Governor, already alluded to, Judge Loring has received his " walking-ticket." All right! Mr. Webster said of the nom ination of Gen. Taylor for President, that it "was a nomination not fit to be made," So say we of the Fugitive Slave Law-so says Massachuset; s-so says the FreeNorth It. was a law "not fit to be made"and still less fit to be enforced. Let the men who enact and execute laws which con flict with eternal justice, republicanism and humanity, be everywhere discarded. The blindness which tails to perceive the glaring injustice and inhumanity of the Fugitive Blave act, must be pitiable indeed-and unfit for the discharge of judicial duties of any kind.

Boston Publisiters,-Mr. Charles Samp son has retired from the firm of Phillips, Bampson & Co., the enterprising publishers. Mr. Samuel C. Persins and A. K. Loring have been advitted partners, and the same and style of the firm will be unchanged. Mr. Loring, the popular chief clerk in the retail rooms, "whose politeness and amiab liny make it a pleasure to visit the store, resains the same place, in the ca-pacity of partner and manager of that depart-ment? "Mr. Perkins has long been associa-ted with the house, and is favorably known the win the noise, and a ratorably known to the trade, and brings to his position a thorough knowledge of his business, and an amiability of manner which must insure success. We wish the firm, with their new name of the state members, continued prosperity.—Besien Transcript.

WASHINGTON, Wednesday, March 31st. IN THE SENATE, yesterday, the appointments for the District of Columbia were con-

firmed as follows :-.Wm. Seiden for Marshall; P. B. Key, for District Attorney; Wm. P. Jones, for City Post Master; and Wm. Flinn, for Navy Agent. . .

IN THE HOUSE OF REPRESENTATIVES, the "same old story" was told about Kansas matters until 1-4 prot seven o'clock p. m .--In the course of the debate James B. Clay said that his father was not the author of the Missouri Compromise, as had been stated in the Senate, the other day by Mr. Crittenden. He quoted from a speech of his father to show that Jesse B. Thomas a Senator from Illinois, was the author of that measure. Gen: Duff Green, of this city, who speaks from personal recollection, says that Ninian Edwards, Mr. Thomas's colleague in the Senate was the real author of the Bill, and that Mr. Thomas introduced it in the Senate after it had been prepared by Mr. Edwards.

The Democratic Caucus, last evening did not come to any definite agreement, it was resolved by the Lecomptonites that the Democratic party in the House should stand by the Kunsas Bill as it came from the Senate, and was intimated by the anti-Lecomptonites that they should go for the Unttenden Substitute.

CHANGE IN THE U. S. MILITARY UNI-FORM .- We mentioned the other day that a general change was about to be made in the U. S. Military Uniform. An order has now been laured to that effect. The cap now worn is supplanted by a felt hat with inches high, bound with ribbed silk for the officers and double stitched around the rim for the men, the trimmings for general officers being gold cord with acorn-shaped ends, the brim of the hat looped up on the right side and fastened with an eagle attached to, the side of the hat, three black Ostrich feathers on the left side, and a gold embroidered wreath in front, on black velvet ground, encircling the letters U.S. in silver, old English characters. For the other classifications of officers and for privates there are similar trimmings, varying alightly for each distinctive grade or class. The change also extends to the pantaloons and coats, but is confined to the trimmings of the latter, and the stripe of the former. Sibley's tent is also to be autistituted for that now in use.

The Turkish Admiral and suite, by invitation of the Secretary of war, visited the U. S. Arsenal here the other day, and aming other things were treated to the presence of several officers, ladies unveiled, a triol of Patent fire arms, and ten Indian

NEW YORK, April 1, 1858. MR. EDITOR :- If sensible folks could be surprised, in cases where they are entitled to be disgusted, they would marvel to see Bennett's Herald gravely, attempting to discuss the question-"What is true Religion? A very nice problem that, for a journal whose gross ignorance, falsehood, and sulgarity are scarcely less notorious than the fact of its existence, , It would be about as reasonable to expect a pig to comprehend the sublime sei nee of astronoiny, as to suppose the Herald really capable of elucidating the question it proposes, or anything in that neighborhood.

The ardyal of three successive steamer from Europe, and one from California, with in three or four days past, has so much engrossed the public attention that the occurrence of domestic items seems to have come almost to a stand. Hardly thrice, in the Year past, has there been so little of any public interest to record, in a single week of the " movements, doings and so on," in our midst.

The religious movement, however, does not perceptibly abate, though some of the papers allege the contrary. Of the two oldest one (The Churchman) does not seem to have any confidence in the good results tion to the fact that various persons were of the great awakening, but rather antici- on the floor who were not cutilled to its pates a mischierous effect. Yet some of privileges. the Episcopal churches, especially St. George's (Rev. Dr. Tyng's) have taken an active and earnest interest in the movement. There seem to be two parties; or two very distinct sets of apinions, on this and some other matters, in the Episcopalian church, Her. Dr. Bellows, confessedly one of the ablest and best men in the Unitarian ranks. and another pulpit orator of some note, are very sharply arrainged in some of the papers, as having spoken slightingly of the revival movements: Whether the reports have any foundation in fact, is more than I can say. But doubtless equally honest and intelligent men will not altogether concur in the views they take of religious operations, any more than of other things.

It might interest some of your readers to know the number of churches of all kinds embraced in this metropolis .- The whole number, as given in the City Directory, is 261, including 16 Jewish Synagogues. The | Jected Episcopalisms have 48 houses of worship, the Presbyterians 41, Methodist Episcopal 34, Baptist 29, Reformed Dutch 21, Catho. lic 25, Congregational 7, Lutheran 7, Universalist 4, etc.

The Herald and the Custom House News isve been counting up, or pretending to count up, the amount of receipts at the various theatres and other places of amusement. The Herald gave as the total receipts for one night last week, \$5,783 ; hue this statement as the actual theatrical receipts on amother night, the grosssum of \$9,537. The latter journal claims that the receipts at the Acadjournal claims that the receipts at the Acadepy of Music alone, one night of the "flugLittle Falls, Va., has been duly completed. uenote,," were \$3,3%. Gor. But we can get along with some less than heretofore, if the new comers do not contrive to behave a good deal better than their predecessors.

It will do no harm to bear in mind this little fact, viz: that during the last three months reported, the whole number of arrests by the police of this city, for various offences, was 12,800, of which number above Ten Thousand were Foreigners.

Hullding operations are actively commenced in various parts of the town.: S. P. Townsond, the "Sassaparilla man," is contracting for the erection of no less than brim 3 1-4 inches wide and crown 6 1-4 fifteen dwellings, brown stone fronts in 34th und 35th streets, near Broadway. So we RAMBLER.

> [Communicated.] Discretion.

Lord Camden in speaking from the Bench n relation to the Equity powers exercised by the English Courts holds the following

"The discretion of a Judge is the law of Tyranta. It is always unknown. It is different in different men. It is casual and depends upon constitution, temper and feeling. In the best, it is oltimes caprice; in the worst, it it every vice, folly and passion

to which human nature is liable." Such in the estimation of one of the best and purest of English judges is the character of that system of jurisprudence that claims to reign supreme in Rhode /Island at 'this moment,-whether in' its best or worst form, let the people examine and then judge, before it is too late. THE LIVER

PREPARED BY DR. SANFORD: 1
Compounded Entirely from Gume,
IS One of the best l'arguire and Liver Medicines now before the public that acts
as a Cathartic, estior, mither, and more effectual than any other needleins known. Itnot only a Cathartic, but a Liver remedy, actling first on the hiver to eject its morbid matter, then on the stomach and bowels to carry
off that matter, thus accompilating two purposes effectually, without any of the pointor
lectings experienced in the operations of most
Outhartles. It strengthens to system at the
same time thatrit purges it; and when taken
daily in moderate doses, will strengthen and

Paor. O. J., Wood-Dear Sir: I haveneard much said of the wonderful effects of your linir Restorative, but having been so often cheated by quackery and quack nostrous; hist, dyea, &c. Very truly and gratefully yours,

SOLOMON MANN.

FRIEND, Wood:—It was a long-time after I saw you at Blindeld before I got the bottle of Restorative for which you gare, me as order upon your agent in Detroit, and when I too it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having sitteesed its effects, are now using and recommendating its use to others as entitled to the highest consideration you claim foritie.

Aga'm, very respectfully and trilly youre.

SOLOMON MANN.

**CARLYER, I.L., June 28, 1852.*

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely, gray, but by the use of his Restorative, and lave admired its wonderful effects. My hair was becoming, as I thought, prematurely, gray, but by the use of his Restorative it has resumed its original color, and, I here no doubt, permanently, so.

Maryland State Lotteries.

CAUTION NOTICE.

PHISONS living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Copital Prizes of from 20,000 to 96,000 head their schemes—with tickets at One Dollar. c100,000 Capital Prizes are offered, tickets 55. All such, in every instance, are feauds; and if money is sent to them for tickets, it is so much thrown away without the slasdow of a chance of getting a prize. Here were of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.
